P.O. BOX 25201, RALEIGH, N.C. 27611-5201

GARLAND B. GARRETT JR.
SECRETARY

December 17, 1997

To: Group Leaders
Area Engineers

From: D. E. Burwell, Jr., PE *D.E.B.A.*
State Location & Surveys Engineer

Subject: L&S Personnel Catalogue

Please replace the existing page 5 of the PD 102-R's for the field TE I and TT VI with those supplied.

We are replacing the requirement of EIT and RLS with a "Preferred" status. Professional certification, although not required by NCDOT, gives our people a stronger base of authority in dealing with other professionals and the general public. It is the Unit management's position that we will always urge and support our people in the acquisition of both the PE and RLS. However, we do not feel that we want to limit our opportunities to promote extremely qualified in-house staff. We do encourage all TE I's (and above) who do not already have them to actively pursue EIT and PE, and we do encourage those TT VI's (and above if qualified by time) who do not have it, to actively pursue the RLS.

Thank you for your cooperation in this matter. If you have questions or concerns, please do not hesitate to contact your Area Engineer or me at 919-250-4109.
